

Engage Students Year-Round

Help your students succeed all year with summer programs that blend academic enrichment with engaging lessons.

Need Help Building an Effective Summer Program?

FACTS will be your partner in preventing summer learning loss. We'll help you craft a custom program featuring core content remediation and cross-curricular STEAM enrichment activities.

Close Achievement Gaps

FACTS' instructional curriculum is flexible to address students' individual skill sets and develop strengths to close gaps so every student can excel.

Customize to Your School

We'll help you build a program tailored to your school's goals, schedule, and budget with engaging enrichment programs that meet your students' academic needs.

Use Your Title Funds

Finance your FACTS summer learning program with your Title funding! We'll work with you to determine available funds and maximize their impact.

Don't Do It Alone

We know you're busy, and planning an effective summer program is a lot of work. FACTS will leverage our decades of experience to handle prep and implementation for you.
